SCOTT MAYNARD

941-330-7623 | Austin, TX | scott.t.maynard@gmail.com | https://www.linkedin.com/in/scott-t-maynard

Portfolio: https://smaynard90.github.io | GitHub: https://github.com/smaynard90

SOFTWARE DEVELOPER ▪ WEB DEVELOPER ▪ SOFTWARE ENGINEER
Python ▪ SQL ▪ C# ▪ JavaScript ▪ HTML ▪ CSS ▪ C
React ▪ Django ▪ .NET ▪ Flask
GitHub ▪ Heroku ▪ Visual Studio
Data Structures ▪ Algorithms ▪ Unit Testing ▪ Object-Oriented Programming

Degreed professional leaving the client-facing world of sales, marketing, and real estate for the code-immersive world of software and web development.

PROJECTS

- **Finance (Source):** used Python's Flask framework and PostgreSQL for backend routing, database management, and API access. The frontend was done with HTML and Bootstrap CSS. Migrated project from SQLite to PostgreSQL and deployed from local scope to Heroku for global viewership.
- **Space Invaders:** utilized functional programming methods and extensive unit testing to create systematic, well-maintained, readable, and scalable code in Racket
- **Homepage (Source):** created a homepage which is viewable on any device or browser to showcase my professional portfolio in HTML and CSS, hosted on GitHub
- **Pomodoro Timer (Source):** used JavaScript and React to create an interactive graphic user interface and intuitive user experience for productivity and time management
